

Installing guide for MOSAIQUE

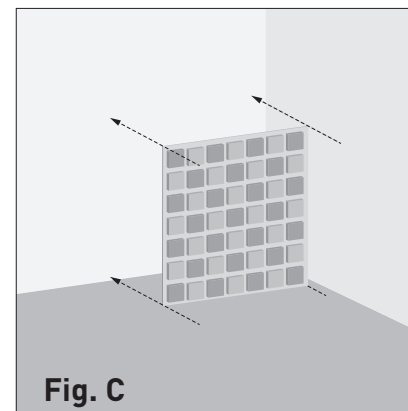

Depending on the substrate, **MOSAIQUE** wooden panels can be installed in 3 different ways:

1) Attach the panel to the wall using a fitting mounting adhesive.

2) Fit the panel to a frame of wooden strips using countersunk bolts .

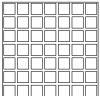

3) Fix the panel to the wall by drilling holes and using the right dowels and screws.

The panels should only be installed indoors with low humidity.

SN Deco Group does not assume responsibility for incorrect installation of the panels on the wall.

NO RETURN REQUESTS ARE ACCEPTED AFTER INSTALLING THE PANELS!

INSTRUCTION MANUAL:

Our collections of wooden panels and wooden wall decorative elements form our **UNIQUE WOODEN WALLS**. They are a natural product which is influenced by the climate in the room of installment.

Therefore, we recommend to store them first for 1 to 2 days in the room, where you intend to install them.

Because they are made of natural wood, they are suitable only for low humid and interior areas. They should be used for their intended purpose as interior wall decorations.

Exposing them to direct sunlight can cause discoloration over time. While installing and handling be careful for splinters.

Installation around open flame places is not recommended.

WARRANTY:

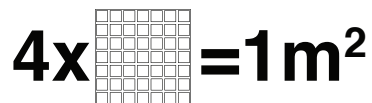

As a natural material, wood possesses a number of properties such as: different color shades, grey shades, knots, cracks and different grain textures.

These are typical characteristics of a natural material, which makes the product individually different and cannot serve as a basis for complaints.

Our **UNIQUE WOODEN WALLS** products have a two-year warranty. The guarantee is applied on possible manufacturing defects, with the condition that the panels were used according to their intended purpose and following the instruction manual.

The warranty won't apply for improper handling, maintenance, storage or installation. SN Deco Group or Vamilex are not responsible for incorrect installation of the panels on the wall.

ANY CLAIMS ADDRESSED AFTER MOUNTING THE PRODUCTS WON'T BE ACCEPTED!
